

## MATCH FISHING 2018-19

Entry to SDAA matches is usually free with an option pools available. All members must vacate the match venue by midnight on the eve of any match listed in the match calendar (for the catfish match vacate the venue by 3pm). Waters will reopen for general fishing 2 hours after the end of the match. In the event of a venue being unfishable The Airman will usually be used as the reserve venue, pegging around any anglers already fishing. No 'pegged down' matches will be allowed, except those sanctioned by the General Committee.

Date	Draw	Fish	Venue	Series

03.03.19	08.15	09.00-17.00	Willington Lake	Pike

\* The Memorial Match is by invitation only.

Night permits are not required to fish matches in the '24h series', which will include three overnight matches with one match fished on each of our main lakes, plus the catfish match fished over two nights at The Airman with the draw at 6pm on Friday 31<sup>st</sup> August and finishing at 9am on Sunday 2<sup>nd</sup> September. Anglers will be allowed to fish The Airman on Friday 31<sup>st</sup> August provided all the swims are vacated by 3pm. Contact Nigel Gilbert (07931 215778 evenings & weekends only or [ngthelumberjack@googlemail.com](mailto:ngthelumberjack@googlemail.com)) for further details of the 24h series (including the catfish match).

The pike series will be run over 7 matches (3 on Saturdays and four on Sundays) and the overall series winner will be decided from the best four results (3 points for the winner, 2 for second and 1 for third). In the event of a tie on points the total weight over the full series will decide. There will also be a trophy for the largest pike caught in the series. A one off Christmas pike pairs match will also be held with a match entry fee of £20 per pair, with all monies paid out as prizes on the day. The whole lake is reserved for pike matches and participants will be allowed to use up to three rods. *[At the time of going to press the organiser of the pike series had not been confirmed]*
